

PAMINDU RASHMITHA

AI Engineering Undergraduate · Machine Learning · Full-Stack Development

Avissawella, Sri Lanka | pamidurashmitha@gmail.com | pamindu-rashmitha.vercel.app

Driven AI Engineering undergraduate at SLIIT with hands-on expertise in machine learning, full-stack development, and intelligent system design. Experienced building production-grade AI agents, predictive models, and microservices architectures. Eager to contribute to a fast-paced engineering team.

TECHNICAL SKILLS

Languages	Python · Java · JavaScript · TypeScript
AI / ML	PyTorch · TensorFlow · Scikit-learn · LangChain · LangGraph · Pandas · NumPy · Matplotlib · Seaborn
Frontend	React · React Native · Expo · HTML · CSS
Backend	Spring Boot · Node.js · Express.js · FastAPI
Databases	MySQL · PostgreSQL · MongoDB
Tools	SAP · Git · Logistics Operations · Inventory Management · Postman

KEY ACHIEVEMENTS

- Dean's List - Year 1 Sem 2 (GPA 3.77) and Year 2 Sem 1 (GPA 3.85) at SLIIT.
- Certified AI/ML Engineer (Stage 1 & 2) by SLIIT; Intro to Machine Learning by Kaggle; Python for Beginners by University of Moratuwa.

TECHNICAL PROJECTS

Pamiya-GPT · AI Assistant	<i>LangChain · StreamLit · Gemini API</i>
- Built an AI agent using Google Gemini 2.5 Flash and LangChain with real-time web search, PDF analysis, and spreadsheet reading. - Designed autonomous tool-selection logic enabling the agent to choose between web browsing or document analysis based on query context.	
Heart Disease Predictor · Machine Learning	<i>StreamLit · FastAPI · Colab</i>
Developed a Python/Scikit-learn web app predicting heart disease likelihood from clinical attributes; benchmarked Logistic Regression, Decision Trees, and Random Forest.	
Heritage Slabs · Enterprise Platform - GenAI	<i>Spring Boot · FastAPI · React</i>
- Built a scalable Spring Boot backend for inventory logistics and secure transaction processing in the natural stone industry. - Architected a FastAPI microservices layer to deploy generative AI models for real-time stone texture rendering and automated interior design.	

PROFESSIONAL EXPERIENCE

Dispatch Officer	<i>Apr 2024 - Jul 2024</i>
<i>John Keells Logistics, Sri Lanka</i>	
- Coordinated daily dispatch operations ensuring accurate, on-time delivery across supply chain nodes. - Leveraged SAP ERP for real-time inventory management, order processing, and logistics reporting. - Implemented workflow optimizations that measurably improved dispatch efficiency and reduced turnaround time.	

EDUCATION

BSc (Hons) in Information Technology - AI Specialization	<i>2024 - Present</i>
<i>Sri Lanka Institute of Information Technology (SLIIT) · GPA 3.85 · Dean's List</i>	
Focus: Automation, Deep Learning, Neural Networks, Data Science, and Software Engineering.	
Advanced Level - Physical Science Stream	<i>2021 - 2023</i>
<i>Mahinda Rajapakse College, Homagama</i>	
Subjects: Combined Mathematics, Physics, and Information Technology.
